- Dedicated to SD-WAN (It's what we do)
- 7 Applied Patents (Proven technology)
- End-to-End Solution (No third-parties)
- Outage Ticketing (We open ISP tickets)
- Carrier Agnostic (Empowering agents)

"ZeroOutages is the evolutionary disruptor in SD-WAN" - Gartner Research

ZeroOutages is the #1 pure-play SD-WAN provider according to Gartner. ZeroOutages has more deployments and experience than any other competitor. A pure-play SD-WAN provider that is dedicated to SD-WAN and owns the solution from end-to-end, i.e. no third party providers are required in order to deliver the service and thus ZeroOutages' rollout and fulfillment processes are smoother and more adaptable to specific customer requests.

EACH DEPLOYMENT IS "ZERO-TOUCH" AND HAS AT LEAST 3-WAN PORTS
